

**NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

Your vote is important. We encourage you to participate in this process by voting your shares, and, if possible, by attending the annual general meeting where you can consider and vote on a number of important matters.

Thank you for your support as shareholders and I look forward to seeing you at the Meeting.

Douglas Penrose, CPA, CA
Chairman

From the President and CEO

TO OUR SHAREHOLDERS:

Reinvesting for Growth

Performance, efficiency and a better long-term outlook provide good reasons why “optimization” was the right, if not perfect, theme for this year’s annual report. Following five years of very challenging market environments, along with cutbacks at just about every level, we are enjoying much improved cash flows. As a result, we are now reinvesting for growth while continuing to optimize operations throughout the company.

With revenues climbing and a return to profitability, we have increased exploration by 100 percent in just the last two quarters. Our mine development budget is up 50 percent over last year, with capital expenditures forecast to reach \$124 million in 2017—an increase of more than 88 percent over 2016. We are bringing in new, industry-leading talent to manage new initiatives, and we continue to invest heavily in technology to modernize and streamline our operations.

Silver production, at 11.85 million ounces, increased by six percent over 2015. The higher numbers reflect a full year of output from our newly-acquired Santa Elena mine.

All of this reflects important decisions made as far back as 2012, when the market environment began to deteriorate. It was then apparent to management that crucial action was necessary to maintain a healthy balance sheet, or perhaps even to survive, if conditions prevailed—which they did for the next four years.

One of our primary mandates was to use the downturn to our advantage. This meant substantially transforming First Majestic from a growth-oriented company to a much more efficient, manufacturing-based model. We dramatically cut costs, and we invested whatever spare capital we had to develop better tracking systems and technology that would empower staff to spend wisely and make better decisions.

Today we see the results of our transformative efforts. All-in-Sustaining Costs (AISC) have dropped from \$17.71 per ounce in 2014 (the first year we employed this metric) to \$10.79 per ounce in 2016—an improvement of 39% and one of the industry’s lowest. The low costs, combined with higher production and improved metals markets, allowed us to generate net income of \$8.6 million in 2016, compared with losses in the three previous years.

Optimization also means that, with First Majestic once again in a position of strength, we are focused on efforts that will make us even more productive and efficient. We have more cash now than at any time in the history of the company. These funds will enable us to improve our mines and plants, streamline our decision-making processes and management systems, rebuild reserves and resources and essentially take First Majestic to our next major goals. With expanded production from existing mines, plus expected new production from projects in the pipeline, I believe we are at the beginning of several years of further growth.

It's very refreshing for me to report on such a positive year and to do so with such optimism looking ahead to 2017 and beyond. None of this would be possible without the team we have built at First Majestic. I extend my thanks and congratulations to everyone in the First Majestic Family. I look forward to celebrating the many accomplishments to come.

President and CEO

VOTING INFORMATION

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the management of First Majestic Silver Corp. ("First Majestic" or the "Company"). The accompanying form of proxy (the "Proxy") is for use at the Annual General Meeting of shareholders of the Company (the "Meeting") to be held on May 25, 2017 at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors and employees of the Company (for no additional compensation). The Company may retain other persons or companies to solicit proxies on behalf of management, in which event customary fees for such services will be paid. All costs of solicitation will be borne by the Company.

Unless otherwise indicated, all references in this Information Circular to "\$" refer to United States dollars, unless Canadian dollars (C\$) are indicated. Unless otherwise indicated, any United States dollar amounts which have been converted from Canadian dollars have been converted at an exchange rate of C\$1.00 = US\$0.7448, being the noon exchange rate quoted by the Bank of Canada on December 31, 2016.

This Information Circular is dated April 17, 2017. Unless otherwise stated, information in this Information Circular is as of April 3, 2017.

Notice and Access Process

The Company has adopted the notice and access model ("Notice and Access") provided for under National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101") for the delivery of the Notice of Meeting, this Information Circular, financial statements and management's discussion and analysis for the year ended December 31, 2016 (collectively, the "Meeting Materials") to shareholders for the Meeting. The Company has adopted this alternative means of delivery in order to further its commitment to environmental sustainability and to reduce its printing and mailing costs.

Under Notice and Access, instead of receiving printed copies of the Meeting Materials, shareholders receive a Notice and Access notification containing the Meeting date, location and purpose, as well as information on how they can access the Meeting Materials electronically. Shareholders with existing instructions on their account to receive printed materials will receive a printed copy of the Meeting Materials.

Shareholders who receive a Notice and Access notification can request that printed copies of the Meeting Materials be sent to them by postal delivery at no cost to them up to one year from the date of the filing of this Information Circular on SEDAR. Shareholders with questions about the Notice and Access system, or who would like to request printed copies of the Meeting Materials, should contact the Company's Corporate Secretary, toll-free, at 1-866-529-2807. A request for printed copies which are required in advance of the Meeting should be made no later than May 12, 2017 in order to allow sufficient time for mailing.

Voting Instructions

Registered Shareholders

Registered shareholders are persons who hold common shares that are registered directly in their names. **Registered shareholders may vote by attending the Meeting, by appointing proxyholders, by telephone or by voting online.**

Registered shareholders that wish to vote in person at the Meeting do not need to complete and deposit the form of proxy (the "Proxy") and should register with the scrutineer at the Meeting.

Registered shareholders that wish to appoint a proxyholder to vote at the Meeting may complete the Proxy. The Proxy names a director and/or officer of the Company as a proxyholder/alternate proxyholder (the "Management Designees"). **Registered shareholders that wish to appoint another person (who need not be a shareholder) to serve as proxyholder/alternate proxyholder at the Meeting may do so by striking out the names of the Management Designees and inserting the name(s) of the desired proxyholder/alternate proxyholder in the blank space provided in the Proxy. Registered shareholders may direct the manner in which their common shares are to be voted or withheld from voting at the Meeting by marking their instructions on the Proxy. Any common shares represented by the Proxy will be voted or withheld from voting by the Management Designees in accordance with the instructions of registered shareholders contained in the Proxy. If there are no instructions, those common shares will be voted "for" each matter set out in the Notice of Meeting. The Proxy grants the proxyholder discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting.**

At the time of printing of this Information Circular, management knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting. No person who is a director of the Company has informed Management that he intends to oppose any action to be taken by Management at the Meeting.

Alternatively, registered shareholders may vote by telephone (1-866-732-8683) or online (www.investorvote.com) using the control number listed on the Proxy.

To be valid, a completed Proxy must be deposited with or telephonic/online votes must be received by Computershare Investor Services Inc. ("Computershare") by 10:00 a.m. (local time in Vancouver, British Columbia) on May 23, 2017 or at least 48 hours (excluding Saturdays, Sundays and holidays) before any postponement or adjournment of the Meeting.

A Proxy may be revoked by:

- (a) completing a Proxy with a later date and depositing it by the time and at the place noted above;
- (b) signing and dating a written notice of revocation and delivering it to Computershare, or by transmitting a revocation by telephonic or electronic means, to Computershare, at any time up to and including the last business day preceding the day of the Meeting, or any postponement or adjournment, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or any postponement or adjournment; or
- (c) attending the Meeting or any postponement or adjournment and registering with the scrutineer as a shareholder present in person.

Non-Registered Holders

Non-registered shareholders are persons who hold common shares that are registered in the name of an intermediary (such as a broker, bank, trust company, securities dealer, trustees or administrators of RRSP's, RRIF's, RESP's or similar plans) or clearing agency (such as CDS Clearing and Depository Services Inc. or The Depository Trust Company). **Non-registered shareholders may vote in person or through a proxyholder at the Meeting or through intermediaries using the voting instruction form (or other form). Alternatively, some non-registered shareholders may be able to vote by telephone or online and should refer to the voting instruction form (or other form) for further details and instructions.**

If a non-registered shareholder wishes to vote in person or through a proxyholder at the Meeting, it is critical to follow the required procedures for appointing proxyholders given that the Company does not have unrestricted access to the names of the Company's non-registered shareholders and accordingly would not otherwise have any record of a non-registered shareholder's entitlement to vote at the Meeting.

Non-registered shareholders may appoint themselves or nominees as proxyholders using one of the following procedures:

(a) carefully following the instructions for appointing a proxyholder contained in the voting instruction form (or other form) and ensuring that such request is communicated to the appropriate person well in advance of the Meeting and in accordance with such instructions; or

(b) unless prohibited by applicable corporate law, submitting any other document in writing to the Company requesting the non-registered shareholder or its nominee be given authority to attend, vote and otherwise act for and on behalf of the registered shareholder in respect of all matters that may come before the Meeting or any postponement or adjournment by 10:00 a.m. (Vancouver, British Columbia time) on May 23, 2017 (or before 72 hours, excluding Saturdays, Sundays and holidays before any postponement or adjournment of the Meeting).

Non-registered shareholders that wish to vote through their intermediaries using the voting instruction form (or other form) accompanying the Notice and Access notification should carefully follow the instructions contained in the voting instruction form (or other form) accompanying the Notice and Access notification and should ensure that such instructions are communicated to the appropriate person well in advance of the Meeting.

Non-registered shareholders should refer to the voting instruction form (or other form) accompanying the Notice and Access notification to determine if telephonic or online voting is available.

Non-registered shareholders that wish to change their voting instructions or to appoint a proxyholder after delivering voting instructions in accordance with the instructions on a voting instruction form (or other form) accompanying the Notice and Access notification should contact the Company's Corporate Secretary to discuss whether this is possible and what procedures must be followed.

Distribution to Non-Registered Shareholders

Pursuant to the provisions of NI 54-101, the Company is sending the Notice and Access notification to both registered and non-registered shareholders. Non-registered shareholders fall into two categories: those who object to their identity being known to the Company ("OBOs") and those who do not object to their identity being made known to the Company ("NOBOs").

The Company is sending the Notice and Access notification directly to NOBOs pursuant to NI 54-101. If you are a non-registered shareholder, and the Company or its agent has sent the Notice and Access notification directly

to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send the Notice and Access notification to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering the Notice and Access notification to you, and (ii) executing your proper voting instructions.

The Company will assume the costs of delivery of proxy-related materials for the Meeting to OBOs.

Voting Shares and Principal Holders Thereof

The authorized capital of the Company consists of an unlimited number of common shares without par value. As at April 3, 2017 there were 165,065,914 common shares without par value issued and outstanding.

Only registered shareholders of record at the close of business on April 3, 2017 (the "Record Date") who either personally attend the Meeting or who have completed and delivered a Proxy or, non-registered shareholders who have delivered, a voting instruction form, in the manner and subject to the provisions described above shall be entitled to vote or to have their shares voted at the Meeting.

Each shareholder is entitled to one vote for each common share held as of the Record Date. The failure of any shareholder to receive the Notice of Meeting does not deprive such shareholder of his or her entitlement to vote at the Meeting.

To the knowledge of the directors and senior officers of the Company, there are no persons or companies who beneficially own or exercise control or direction, directly or indirectly, over shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company.

PART TWO BUSINESS OF THE MEETING

The Meeting will address the following matters:

1. Receiving the Company's audited consolidated financial statements for the year ended December 31, 2016, together with the auditor's report thereon.
2. Setting the number of directors at five.
3. Electing the directors who will serve until the next annual general meeting of shareholders.
4. Appointing the auditors that will serve until the next annual general meeting of shareholders and authorizing the board of directors to set their remuneration.
5. Approving the Amended and Restated Stock Option Plan of the Company.
6. Voting on an advisory resolution with respect to the Company's approach to executive compensation.
7. Any such other business as may properly be brought before the Meeting.

Receiving the Consolidated Financial Statements

The audited financial statements of the Company for the year ended December 31, 2016, together with the auditor's report on those statements (the "Financial Statements"), will be presented to the shareholders at the Meeting. The Financial Statements are included within the Company's 2016 Annual Report and are available at www.firstmajestic.com/s/AGM.asp or under the Company's profile at www.sedar.com. A paper copy may be requested, at no charge to the shareholder, by calling the Corporate Secretary of the Company toll-free at 1-866-529-2807.

Election of Directors

The number of directors on the board of directors (the "Board of Directors" or "Board") of the Company is currently set at six. Tony Pezzotti has advised the Company that he will not be standing for re-election at the Meeting. Accordingly, Shareholders will be asked at the Meeting to pass an ordinary resolution to fix the number of directors at five.

The term of office of each of the present directors expires at the close of the Meeting. Management proposes to nominate the persons listed below in "Nominees for Election of Directors" for election as directors at the Meeting and the Management Designees named in the Proxy intend to vote for the election of these nominees. **In the absence of instructions to the contrary, all Proxies will be voted "For" the nominees herein listed.** Each director elected at the Meeting will hold office until the Company's next annual general meeting, unless his or her office is earlier vacated. Management does not contemplate that any of the nominees will be unable to serve as a director. In the event that prior to the Meeting any of the listed nominees withdraws or for any other reason will not stand for election at the Meeting, it is intended that discretionary authority shall be exercised by the Management Designees or other proxyholder/alternate proxyholder, as the case may be, named in the Proxy as nominee to vote the shares represented by the Proxy for the election of any other person or persons nominated by the Company to stand for election as directors, unless the shareholder has specified in his, her or its Proxy that the shareholder's shares are to be withheld from voting on the election of directors.

Majority Voting Policy

On April 11, 2013, the Board adopted a policy (the "Majority Voting Policy") which requires that any nominee for director for which there are a greater number of votes "withheld" than votes "for" his or her election will be required to tender his or her resignation as a director of the Company. The Majority Voting Policy was amended on May 20, 2016 and applies only to uncontested elections, which are elections in which the number of nominees for election as director is equal to the number of positions available on the Board. If a nominee for director is required under the Majority Voting Policy to tender his or her resignation, the Board will refer the resignation to the Compensation and Nominating Committee (except in certain circumstances, in which case the Board will review the resignation without reference to the Compensation and Nominating Committee) which will consider the director's resignation and will recommend to the Board whether or not to accept it. The Compensation and Nominating Committee will generally be expected to recommend accepting the resignation, except in situations where extraordinary circumstances would warrant the applicable director to continue to serve on the Board. The Board will act on the Compensation and Nominating Committee's recommendation within 90 days following the certification by the scrutineer of the voting results of the applicable annual meeting and will promptly disclose by press release its decision whether to accept the director's resignation, including the reasons for rejecting the resignation, if applicable. A director who tenders his or her resignation pursuant to the Majority Voting Policy will not participate in any meeting of the Board or the Compensation and Nominating Committee at which the resignation is considered.

Pursuant to the advance notice policy (the “Advanced Notice Policy”) adopted by the Board of Directors on April 11, 2013, as amended, on March 14, 2017 any additional director nominations for the Meeting must be received by the Company in compliance with the Advance Notice Policy no later than the close of business on April 20, 2017. No such nominations have been received by the Company prior to the date hereof.

Director Tenure Policy

On March 6, 2015, the Board adopted a policy to ensure appropriate and ongoing renewal of the Board of Directors in order to sustain Board performance and maintain Board expertise (the “Director Tenure Policy”). The Director Tenure Policy was amended on December 3, 2015. Pursuant to the Director Tenure Policy, subject to receiving strong annual performance assessments and being annually re-elected by shareholders, non-management members of the Board may serve on the Board for the following terms:

- For a maximum of 15 years if such member joined the Board prior to January 1, 2015; or
- For a maximum of 10 years if such member joined the Board on or after January 1, 2015.

The Board may, on recommendation from the Compensation and Nominating Committee extend the term of a non-management director who joined the Board on or after January 1, 2015 for a subsequent five year period.

Tony Pezzotti has been a director of the Company since his initial appointment in 2001. In accordance with the Director Tenure Policy, Mr. Pezzotti will not be standing for re-election at the Meeting and will cease to be a director of the Company as of the closing of the Meeting.

As of the date of this Circular, the average tenure of the non-management directors of the Company (excluding Mr. Pezzotti) was eight years.

Nominees for Election as Directors

The tables below set out the names of each of management’s nominees for election as directors, the municipality and province or state and country in which each is ordinarily resident, all offices of the Company now held by each of them, each nominee’s principal occupation, business or employment, the period of time for which each nominee has served as a director of the Company and the number of shares of the Company beneficially owned by each nominee, directly or indirectly, or over which each nominee exercised control or direction as at April 3, 2017, and as at December 31, 2016 and 2015. All of the proposed nominees, except Marjorie Co, were duly elected as directors at the last Annual General Meeting of shareholders held on May 26, 2016.

Approval of the Amended and Restated Stock Option Plan

The Board of Directors is seeking shareholder approval for adoption of its amended and restated stock option plan (the "Amended and Restated Stock Option Plan"), subject to regulatory approval, and as more particularly described below.

The Amended and Restated Stock Option Plan is an amendment and restatement of the Company's current 2014 Stock Option Plan, which was approved by shareholders on May 27, 2014. Pursuant to the requirements of the TSX, the Company must obtain shareholder approval of its stock option plan at least every three years. The Board of Directors has deemed it appropriate to update the 2014 Stock Option Plan to reflect TSX current policies and best practices and accordingly its submitting the Amended and Restated Stock Option Plan to the shareholders. There are currently 11,181,935 stock options outstanding under the 2014 Stock Option Plan representing approximately 7% of the current outstanding common shares of the Company, which will become subject to the Amended and Restated Stock Option Plan. If the Amended and Restated Stock Option Plan is approved, options to purchase up to 5,324,656 common shares will be available to be granted, which, when combined with outstanding options, represents 10% of the current outstanding common shares of the Company. If the Amended and Restated Stock Option Plan is not approved by the shareholders, the Company will be unable to grant any further options and any outstanding options would remain subject to the terms of the 2014 Stock Option Plan.

The Amended and Restated Stock Option Plan is attached as Appendix "B" to this Information Circular.

The Board of Directors is of the view that the Amended and Restated Stock Option Plan is required in order to provide incentive to the directors, officers, employees, management and others who provide service to the Company to act in the best interests of the Company.

- Termination/Expiration of Consultant Agreement - In the event that an option holder is a consultant of the Company and the option holder ceases to be a consultant by reason of the completion or termination of

Shareholders may vote FOR or AGAINST the above resolution. An ordinary resolution is a resolution passed by the shareholders of the Company at a general meeting by a simple majority of the votes cast in person or by proxy. If the Amended and Restated Stock Option Plan is not approved, previously granted options will be unaffected however no further options will be able to be issued under the Amended and Restated Stock Option Plan or the 2014 Stock Option Plan.

The Board of Directors recommends that shareholders vote FOR this resolution.

Management of the Company is not aware of any other matters which are to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any matters other than those referred to herein should be presented at the Meeting, the persons named in the enclosed Proxy are authorized to vote the shares represented by the Proxy in accordance with their best judgment.

Advisory Vote on Executive Compensation

On March 6, 2014, the Board adopted a policy relating to shareholder engagement and an advisory vote on executive compensation, known as “Say-on-Pay” (the “Say-on-Pay Policy”). The purpose of the Say-on-Pay Policy is to provide appropriate accountability to the shareholders of the Company for the Board’s compensation decisions by giving shareholders a formal opportunity to provide their views on the disclosed objectives of the Company’s compensation plans for executives, as well as the plans themselves.

In accordance with the Say-on-Pay Policy, at the Meeting, shareholders will be asked to consider a non-binding advisory resolution on executive compensation as follows:

“BE IT RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the board of directors, that: the shareholders accept the approach to executive compensation disclosed in the Company’s management information circular for this meeting”

As this is an advisory vote, the results are not binding on the Company. However, the Board will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions, and in determining whether there is a need to significantly increase engagement with shareholders on this matter. In particular, in the event that a significant number of shareholders oppose the advisory resolution, the Board will consult with its shareholders, specifically those that are known to have opposed the resolution, to understand shareholder concerns and evaluate appropriate actions in the context of those concerns. A summary of the significant comments relating to compensation from shareholders will be included in the Company’s management information circular for the subsequent year and an explanation as to any changes to be made to compensation plans or why no changes are contemplated will be disclosed.

PART THREE STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board of Directors is responsible for developing, reviewing and implementing a set of corporate governance guidelines specifically applicable to the Company, as described in this Part of the Information Circular. The corporate governance practices ensure the process and structure used to direct and manage the business and affairs of the Company with the objectives of enhancing shareholder value and ensuring the financial viability of the business.

The Board of Directors has adopted the board mandate (the “Board Mandate”) provided in Appendix “A” hereto clarifying responsibilities and ensuring effective communication between the Board of Directors and management.

The following description of the governance practices of the Company is provided in accordance with the guidelines of National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, as set out in Form 58-101F1 - *Corporate Governance Disclosure* (the "Form 58-101F1 Guidelines"). The Form 58-101F1 Guidelines address matters relating to constitution and independence of directors, the functions to be performed by the directors of a company and their committees and the effectiveness and evaluation of proposed corporate governance guidelines and best practices specified by the Canadian securities regulators. The directors of the Company will continue to monitor the developments and the various changes to the Form 58-101F1 Guidelines and best practices and where applicable, will amend its corporate governance guidelines accordingly.

Board of Directors

Independence of the Board

The Board nominees consists of five directors, of whom four (a majority) are independent. None of the four independent directors has any direct or indirect material relationship with the Company (other than as a holder of shares or options of the Company) which could, in the view of the Board, reasonably interfere with the exercise of that director's independent judgment. Marjorie Co, Robert McCallum, Douglas Penrose and David Shaw are independent directors. Keith Neumeyer is the Chief Executive Officer of the Company. As an officer of the Company, Mr. Neumeyer is not an independent director.

Directorships and Interlocks

The following table discloses the directors of the Company that are also directors of other reporting issuers, as well as any executive positions or committee memberships held by the director with that reporting issuer:

Director	Company	Executive Position	Committee Memberships
Keith Neumeyer	First Mining Finance Corp.	Chairman	Audit Committee Corporate Governance Committee Compensation Committee
David Shaw	First Mining Finance Corp.	----	Audit Committee Corporate Governance Committee Compensation Committee
	Great Quest Fertilizer Ltd.	----	Audit Committee Corporate Governance Committee

Medallion Resources
Ltd.

Each of Keith Neumeyer and David Shaw is also a member of the board of directors of First Mining Finance Corp. (“FMF”), a mineral exploration holding company listed on the TSX Venture Exchange. This constitutes a “Board Interlock” for purposes of the Board Mandate. In addition, Messrs. Neumeyer and Shaw are both members of FMF’s Audit Committee, Corporate Governance Committee and Compensation Committee. This constitutes a “Committee Interlock” for the purposes of the Board Mandate. The Board has determined that, in its judgment, this Board Interlock and this Committee Interlock do not adversely impact the independence of these directors or the ability of these directors to act in the best interests of the Company because, among other things, the Company owns a significant number of shares of FMF and FMF is focused on exploration properties while the Company is focused on development properties. In the event of a conflict, each of the directors will be required to act in accordance with his obligations under the Code (as defined under the heading “Ethical Business Conduct”) and applicable corporate law as described under “Ethical Business Conduct”.

Independent Directors’ Meetings

The independent directors hold regularly scheduled meetings which non-independent directors and members of management do not attend. The Board holds in-camera meetings regularly following certain board meetings and Audit Committee meetings. During the financial year ended December 31, 2016, the independent directors held four in-camera meetings (one at the end of each quarterly board meeting) and eight in-camera meetings at the end of Audit Committee meetings.

Chairman

The Chairman of the Board, Douglas Penrose, is an independent director. The Chairman of the Board leads the Board in its management and supervision of the business and affairs of the Company and its oversight of management. The Chairman of the Board is responsible for the following duties and responsibilities, among other things: act as liaison between the Board and key management of the Company and shareholders, chair Board and shareholder meetings, coordinate the agenda for Board meetings, and assist the Corporate Governance Committee with its annual review of the performance of directors and the Board as a whole.

Meetings of the Board and Committees of the Board

The Board meets a minimum of four times per year, usually every quarter and following the annual general meeting of the Company’s shareholders. Each committee of the Board generally meets once a year or more frequently as deemed necessary by the applicable committee. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs which the Company faces from time to time. During the financial year ended December 31, 2016, the Board held nine meetings, the Audit Committee held eight meetings, the Compensation and Nominating Committee held two meetings and the Corporate Governance Committee held no meetings. The following table provides details regarding attendance of each director standing for re-election at the Meeting at the Board and committee meetings during the financial year ended December 31, 2016.

The Board of Directors has adopted a formal process for the orientation of new members of the Board. New directors are provided with comprehensive materials providing background information on the Company's history, performance and strategic plans as well as the role of the Board, its committees and members. The orientation program also provides new members with the opportunity to meet with the executive team. As each director has a different set of skills and professional background, the Board of Directors seeks to tailor orientation and training of new members according to the particular needs and experience of each new director.

Continuing education for all members of the Board is conducted primarily on an informal basis. As a part of the continuing education of directors, presentations are made at Board meetings by management on new developments which may impact upon the Company and its business. In addition, directors receive periodic one on one presentations from management and are provided with the opportunity to meet with corporate officers outside of formal Board meetings to discuss and better understand the business. Directors also visit, from time to time, the underground mine and above ground operations at each of the Company's producing assets. In December 2016, the directors visited each of the La Guitarra Silver Mine, the La Encantada Silver Mine, the La Parrilla Silver Mine and the Del Toro Silver Mine.

Board members are encouraged to communicate with management and the Company's auditors, to keep themselves current with industry trends and developments, and to attend related industry seminars at no/minimal cost to the directors. Board members have full access to the Company's records.

Ethical Business Conduct

The Board has adopted a formal written code of ethical conduct (the “Code”) for its directors, officers and employees. The Corporate Governance Committee is responsible for setting the standards of business conduct contained in the Code, as well as overseeing and monitoring compliance with the Code by ensuring all directors, officers and employees receive and become familiar with the Code and acknowledge their support and understanding of the Code on an annual basis. Any non-compliance with the Code is required to be reported to the Corporate Governance Committee. A copy of the Code may be accessed on the Company’s website at www.firstmajestic.com.

Where a director has a material interest in a transaction or agreement concerning the Company, the Board will take such steps as may be prudent to isolate and eliminate or reduce the potential for such a conflict of interest to interfere with the Board’s exercise of independent judgment.

Corporate law and the Code require that any director or officer who is directly or indirectly interested in a proposed activity or transaction which involves the Company, or otherwise is in a position which creates a potential for a conflict of interest, must disclose the circumstances and these interests to the Company's Chief Executive Officer and the Corporate Governance Committee, who will assess whether there is a conflict of interest. If it is determined there is a conflict of interest, the conflict must be disclosed to the Board. Further, in accordance with applicable corporate law, any director who is in a position of conflict must refrain from voting on any resolution of the Board with respect to the conflict. The Board may also require the director to excuse himself or herself from deliberations of the Board or may alternatively refer the matter for consideration by a committee of independent directors of the Board.

Diversity Policy

As an extension of the Code, in 2016 the Board adopted a policy to reflect its commitment to diversity and inclusion in all levels in the workplace and on the Board (the "Diversity Policy"). The Diversity Policy sets out the guidelines by which the Company and the Board will endeavour to achieve diversity throughout the Company. To this end, the Board is dedicated to cultivating an environment where individual differences are respected, the ability to contribute and access employment opportunities is based on performance, skill and merit, and appropriate attitudes, behaviours and stereotypes are confronted and eliminated. While the Company does not support the adoption of quotas, management and the Board will consider diversity as an element of the overall selection criteria of candidates. In addition, the Company will attempt to interview at least one female and/or minority candidate for each opening on the Board.

The Diversity Policy requires that each year the Company report on the proportion of female and minority personnel in senior executive positions and on the Board in the Company's management information circular. As at December 31, 2016, (a) 20% of the Company's personnel at the executive management level was female and 60% of such personnel identified themselves as part of a minority group and (b) the Company's Board did not include any female members and none of Board members identified themselves as belonging to a minority group, however as a result of the appointment of Ms. Co to the Board in March 2017, 16.67% of the Company's Board is now female and identify themselves as belonging to a minority group.

Whistleblower Policy

In 2007, the Company adopted a whistleblower policy (the "Whistleblower Policy") which allows its directors, officers and employees who feel that a violation of the Code has occurred, or who have concerns regarding financial statement disclosure issues, accounting, internal accounting controls, auditing matters or violations of the Code to report such violation or concerns on a confidential and anonymous basis. The policy also states clearly and unequivocally that the Company prohibits discrimination, harassment and/or retaliation against any employee, officer or director who (i) reports complaints regarding financial statement disclosure issues, accounting, internal accounting controls, auditing matters or violations of the Code or (ii) provides information or otherwise assists in an investigation or proceeding regarding any conduct which he or she reasonably believes to be a violation of employment or labour laws, securities laws, laws regarding fraud or the commission or possible commission of a criminal offence. Everyone at the Company is responsible for ensuring that the workplace is free from all forms of discrimination, harassment and retaliation prohibited by this policy. No employee, officer or director of the Company has the authority to engage in any conduct prohibited by this policy. Reporting can be made by web-based reporting or telephone through EthicsPoint, Inc., an independent reporting agency used by the Company for this purpose. Once received, complaints are forwarded to the Chairman of the Corporate Governance Committee the Chief Executive Officer and the Corporate Secretary who then investigates each matter so reported and takes corrective and / or disciplinary action, if appropriate.

Nomination of Directors

The Compensation and Nominating Committee currently consists of Robert McCallum, David Shaw and Tony Pezzotti, all of whom are independent. In order to comply with the Company's Director Tenure Policy, Mr. Pezzotti will not be standing for re-election at the Meeting and will cease to be a director of the Company as of the closing of the Meeting. Management anticipates that Mr. Penrose will be appointed to the Compensation and Nominating Committee in place of Mr. Pezzotti following closing of the Meeting. The Compensation and Nominating Committee is responsible for identifying individuals qualified to become new board members and for recommending to the Board the new director nominees for the next annual meeting of shareholders. In selecting appropriate candidates for the Board, the Compensation and Nominating Committee is tasked with determining appropriate Board size, composition and profile of the Board with a view to ensuring a diversity of skills, backgrounds, experiences and expertise. The use and maintenance of an "evergreen" list of potential directors, and a skills/experience matrix as a tool to identify any gaps in the competencies most relevant to the Board, assist the Compensation and Nominating Committee in assessing and interviewing potential Board members and reviewing candidates for vacancies on the Board. The Committee may also engage a third party service firm to assist with recruitment of candidates for the Board. In accordance with the Diversity Policy, while the Company does not support the adoption of quotas, management and the Board will consider diversity as an element of the overall selection criteria of candidates. In addition, the Company will attempt to interview at least one female and/or minority candidate for each opening on the Board.

Compensation

The Compensation and Nominating Committee has overall responsibility for recommending levels of executive compensation that are competitive and motivating in order to attract, retain and inspire senior officers. All members of the Compensation and Nominating Committee have experience acting on board compensation committees and overseeing compensation and benefit programs. The Company's Compensation and Nominating Committee reviews management's recommendations for and, in accordance with Board guidelines, recommends the granting of stock options to management, directors, officers and other employees and consultants of the Company and its subsidiaries. Independent members of the Board are compensated for acting as directors and may be granted incentive stock options pursuant to the policies of the TSX and the Company's Stock Option Plan. The Board as a whole determines the stock option grants for each director.

The Company engaged Korn Ferry Hay Group in October 2016 to provide specific advice to it on executive, director and employee compensation matters. This advice consisted of:

- (i) the provision of general market observations with respect to market trends and issues, and
- (ii) the provision of benchmark market data for the Company's peer group, consisting of publicly traded companies having international mining operations and similar size market capitalization, revenues and total assets, including Alacer Gold Corp, Alamos Gold Inc., Capstone Mining Corp., Coeur Mining Inc., Endeavour Silver Corp., Hecla Mining Co., Hochschild Mining PLC, Pan American Silver Corp., Primero Mining Corp., Silver Standard Resources Inc., Silver Wheaton Corp., Tahoe Resources Inc., Fortuna Silver Mines Inc., B2Gold Corp., and OceanaGold Corporation.

Decisions made by the Company with respect to the compensation of its officers, directors and employees, however, are its own responsibility and may reflect factors and considerations other than the information provided to the Company by Korn Ferry Hay Group. The Company implemented changes to the compensation arrangements for its officers, directors and employees effective January 1, 2017.

Corporate Governance Committee

The Corporate Governance Committee which consists of David Shaw, Douglas Penrose and Robert McCallum, under the supervision of the Board, has overall responsibility to monitor the governance of the Board of Directors (including the size of the Board and the profiles of the Board members) and Board committees. The Corporate Governance Committee's responsibilities include, but are not limited to, the following:

- Review at least annually the size, composition and profile of the Board.
- Review at least annually the performance of the Board as a whole.
- Review annually the performance of individual directors, including with respect to minimum attendance guidelines, diligence, avoidance or handling of conflicts of interest and compliance with respect to their statutory and common law duties.
- Evaluate the performance of the Chairman of the Board.
- On an annual basis, recommend and bring forward to the Board, a list of corporate governance issues for review, discussion or action by the Board or a committee.
- On an annual basis, review the indemnification policies of the Company, general liability insurance policy and directors' and officers' insurance policy.

Other Board Committees

The Board is satisfied that in view of the size and composition of the Board, it is more efficient and cost effective for the full Board to perform the duties that would be required by standing committees, other than the Audit Committee, Compensation and Nominating Committee and Corporate Governance Committee.

Assessments

The Board of Directors has adopted an annual formal assessment process with respect to performance of the Board, its committees and its individual directors. The Board as a whole considers the contributions and performance of each of the directors and the performance of the Board and each of its committees by conducting a performance review questionnaire. The Board uses an assessment tool to determine whether additional expertise is required to ensure that the Board is able to properly discharge its responsibilities and individuals with specific skill sets are identified. As discussed above under "Corporate Governance Committee", the Corporate Governance Committee undertakes this assessment on behalf of the Board.

Shareholder Engagement

The Company conducts an active shareholder engagement program through a variety of means. The Company communicates regularly with shareholders through annual and quarterly reports and news releases, as well as through other disclosure and regulatory documents filed on SEDAR at www.sedar.com. The Company's management team regularly meets with large institutional shareholders and investment advisors. In addition, the Company periodically hosts conference calls and webcasts to allow individual shareholders the opportunity to

participate in a discussion regarding the Company's financial and operational highlights and results. Investors may also contact the Company's investor relations department by letter, e-mail or phone on a continuing basis.

The Board also recognizes that it is important for the Board to communicate with shareholders, including organizations that represent or advise shareholders on matters of governance, such as the Canadian Coalition for Good Governance and Institutional Shareholder Services. Shareholders, employees and other interested parties may communicate directly with the Board on questions or concerns related to the Board and executive succession, compensation and corporate governance through the Chairman of the Board or the Company's Corporate Secretary.

Directors have three years to comply with the requirement from their initial election or appointment, as the case may be. As of the date of this Information Circular, all directors of the Company, except Marjorie Co who became a director on March 1, 2017, comply with the share ownership requirement.

PART FIVE EXECUTIVE COMPENSATION

Introduction

The Company's compensation structure is designed to be competitive with the compensation arrangements of other Canadian mining companies with international operations of similar size and scope. The Company's compensation is intended to meet the Company's compensation objectives, which are to allow the Company to attract and retain qualified and experienced senior management who are motivated to achieve the Company's business plans, strategies and goals on an annual and long-term basis, in order to increase shareholder value. Shareholder value in the Company is primarily driven by results, both in terms of its financial strength and operating measures such as production. These objectives are tied directly to the Company's annual budget and long-term plan, which are approved by the Board each year. Compensation is linked to key performance metrics such as production levels, cash costs, cash flows and cash targets. Key target metrics relate only to metrics that executive officers and employees can influence and impact. Operational targets such as production levels, cash costs and safety are set for operations staff at the mine sites, and corporate goals such as cash flows or cash in treasury are established for the executive officers and corporate office personnel in Vancouver, Canada and Durango, México. As described in more detail below, executive compensation is in many respects dependent on achieving these individual and Company performance results and is, therefore, linked to the creation of shareholder value.

For the purposes of this Information Circular:

- (a) "CEO" of the Company means each individual who served as Chief Executive Officer of the Company or acted in a similar capacity for any part of the most recently completed financial year;
- (b) "CFO" of the Company means each individual who served as Chief Financial Officer of the Company or acted in similar capacity for any part of the most recently completed financial year; and
- (c) "Named Executive Officers" means (i) each CEO, (ii) each CFO, (iii) each of the three most highly compensated executive officers of the Company, including any subsidiary of the Company, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than C\$150,000; and (iv) each individual who would be a Named Executive Officer under paragraph (iii) but for the fact that the individual was neither an executive officer of the Company or a subsidiary of the Company, nor acting in a similar capacity, at the end of that financial year.

During the financial year ended December 31, 2016, the Company had five Named Executive Officers: Keith Neumeyer, the President and CEO of the Company; Salvador Garcia, the Chief Operating Officer of the Company; Raymond Polman, the CFO of the Company; Martin Palacios, the Chief Transformation Officer of the Company; and Connie Lillico, Corporate Secretary of the Company.

The following is a brief biography for each of the Named Executive Officers:

Compensation Discussion & Analysis

The Compensation and Nominating Committee directs the design and provides oversight of the Company's executive compensation program and has overall responsibility for recommending levels of executive compensation that are competitive and motivating in order to attract, hold and inspire senior officers. The Compensation and Nominating Committee's principal functions are to:

- recommend compensation levels and programs for the Company's CEO to the independent members of the Board of Directors;
- recommend compensation levels and programs for all other executive officers to the full Board of Directors; and
- administer the Company's stock option plan (the "**Stock Option Plan**").

The Company's CEO participates in executive compensation decisions by making recommendations to the Compensation and Nominating Committee regarding the following:

- executive officer base salary, annual bonus awards and stock option grants;
- annual and long-term quantitative goals and the annual qualitative goals for the executive officers; and
- participation in the Stock Option Plan and amendments to the Stock Option Plan, as necessary.

The Compensation and Nominating Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board of Directors as a whole.

The following executive compensation principles guide the Compensation and Nominating Committee in fulfilling its roles and responsibilities in the design and ongoing administration of the Company's executive compensation program:

- Compensation levels and opportunities should be sufficiently competitive to facilitate recruitment and retention of qualified and experienced executives, while being fair and reasonable to shareholders;
- Compensation should reinforce the Company's business strategy by communicating key metrics and operational performance objectives (both annual and long-term) in its incentive plans and by emphasizing incentives in the total compensation mix;
- Incentive compensation should be responsive to the Company's commodity-based cyclical business environment by emphasizing operational performance over performance measures that are more directly influenced by metals prices; and
- Compensation programs should align executives' long-term financial interests with those of shareholders by providing equity-based incentives.

The Company reviews the compensation practices of comparable entities to ensure the compensation that it is paying to its executive officers is competitive with those other entities. The Company has also received benchmark market data from a compensation consultant in the past, but did not obtain such information for the 2014, and 2015 years because it did not retain its compensation consultant due to economic conditions. The Company engaged Korn Ferry Hay Group in October 2016 to provide specific advice to it on executive, director and employee compensation matters. This advice consisted of:

- (i) the provision of general market observations with respect to market trends and issues, and
- (ii) the provision of benchmark market data for the Company's peer group, consisting of publicly traded companies having international mining operations and similar size market capitalization, revenues and total assets, including Alacer Gold Corp, Alamos Gold Inc., Capstone Mining Corp., Coeur Mining Inc., Endeavour Silver Corp., Hecla Mining Co., Hochschild Mining PLC, Pan American Silver Corp., Primero Mining Corp., Silver Standard Resources Inc., Silver Wheaton Corp., Tahoe Resources Inc., Fortuna Silver Mines Inc., B2Gold Corp., and OceanaGold Corporation.

Decisions made by the Company with respect to the compensation of its officers, directors and employees, however, are its own responsibility and may reflect factors and considerations other than the information provided to the Company by Korn Ferry Hay Group. The Company implemented changes to the compensation arrangements for its officers, directors and employees effective January 1, 2017.

The Company's general executive compensation philosophy is to, whenever possible, pay its executive officers "base" compensation in the form of salaries that are competitive in comparison to those earned by executive officers holding comparable positions with other Canadian publicly traded entities similar to the Company while at the same time providing its executive officers with the opportunity to earn above average "total" compensation through the potential attainment of annual incentive bonuses and through the Stock Option Plan.

Individual executive compensation consists primarily of: base salary, annual incentive bonus, stock option grants and benefits and perquisites. Each component of compensation has a specific role with respect to supporting the goals of the Company's executive compensation program and is structured to reinforce specific job and organizational requirements. Compensation guidelines with respect to these components are established for particular positions based on job responsibilities and within the context of the Company's overall executive compensation program.

Specific compensation amounts are recommended to the Board of Directors by the Compensation and Nominating Committee after discussion amongst the members of the Compensation and Nominating Committee. Each component of compensation and the decisions of the Compensation and Nominating Committee about each component have an impact on the Committee's decisions regarding other compensation components. For example, if a Named Executive Officer far exceeded his individual goals and objectives, this may affect the amount of compensation paid and/or options granted. All of the compensation components together are intended to meet the Company's compensation objectives, which are intended to allow the Company to attract and retain qualified and experienced senior management who are motivated to achieve the Company's business plans, strategies and goals on an annual and long-term basis, in order to increase shareholder value.

Among other factors, in designing its compensation program, setting objectives and making incentive awards, the Board and the Compensation and Nominating Committee carefully consider potential risks. A number of business risks were mapped to decision-makers and compensation programs, including:

- Achievement of annual production and cost targets in balance with long-term development requirements at its operations;
- Achievement of cash flow from operations objectives for corporate and for operating units;
- Not exceeding targets for total cash costs per payable silver ounces of production on a consolidated basis and on a per operating unit basis;
- Achievement of targets for consolidated net income before taxes;
- Managing capital expenditures within planned project budgets; and
- Achieving safety results and meeting environmental requirements.

The Board did not identify any compensation practices that are reasonably likely to have a material adverse effect on the Company. The Board of Directors, on the advice of the Compensation and Nominating Committee, has determined to structure compensation arrangements tailored to the specific circumstances of its senior

management. The Board of Directors has accordingly determined that compensation paid to Mr. Neumeyer, who is resident outside of Canada, should be structured as a services arrangement. Please see “Summary Compensation Table” and “Services Agreement - Keith Neumeyer”.

The Company has adopted a policy that prohibits officers, directors and employees from purchasing or selling financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation.

The Company’s Say-on-Pay Policy is an important element in the Company’s process for continuous review of executive compensation. See “Business of the Meeting - Say-on-Pay Vote” for more information.

Base Salary

A Named Executive Officer’s base salary is intended to remunerate the Named Executive Officer for discharging job responsibilities and reflects the executive’s performance over time. Individual salary adjustments take into account performance contributions in connection with their specific duties. The base salaries for the Named Executive Officers are set out in their employment or service agreements, the terms of which are described below. The base salary of each executive officer is determined by the Board of Directors based on an assessment by the Compensation and Nominating Committee of his or her sustained performance and consideration of competitive compensation levels for the markets in which the Company operates. In making its recommendations to the Board of Directors, the Compensation and Nominating Committee also considers the particular skills and experience of the individual as well as a consideration of the Company’s immediate cash requirements with a view to providing competitive salaries without sacrificing opportunity for growth or placing undue reliance on variable compensation. A final determination on executive compensation, including salary, is made by the Board of Directors in its sole discretion based on the recommendations of the Compensation and Nominating Committee and its knowledge of the industry and geographic markets in which the Company operates. While the CEO is requested to provide to the Compensation and Nominating Committee his recommendation on the Named Executive Officers’ annual base salaries, the Compensation and Nominating Committee and the Board make the final determination on the annual base salaries of the Named Executive Officers. The CEO does not make a recommendation with respect to his own salary. The Compensation and Nominating Committee does not use any type of quantitative formula to determine the base salary level of any of the Named Executive Officers.

The Company has entered into an employment or service agreement with each of its Named Executive Officers. The agreements specify the terms and conditions of employment, the duties and responsibilities of the executive during the term of employment or service, the compensation and benefits to be provided by the Company in exchange for the executive’s services, the compensation and benefits to be provided by the Company in the event of a qualifying termination of employment not preceded by a change in control of the Company, and the compensation and benefits to be provided by the Company in the event of a qualifying termination of employment that is preceded by a change in control of the Company. The Committee believes that such agreements benefit the Company by clarifying the terms of employment and ensuring the Company is protected by non-compete and nondisclosure provisions.

Following are the significant terms of each of the Named Executive Officers’ employment and services agreements:

Discretionary Bonus Payments

Named Executive Officers may receive discretionary bonuses which are at the sole discretion of the Company's Board of Directors, the majority of whom are independent of management of the Company. In granting these bonus payments, the Board considers factors such as performance and contributions. The maximum annual bonus payment to the CEO and Chief Operating Officer is limited to 70% of salary and the maximum annual bonus payment to the CFO, the Chief Transformation Officer, the Corporate Secretary and Vice-Presidents is limited to 35% of salary. For the year ending December 31, 2016, the CEO was paid a bonus of \$550,000, the COO was not paid a bonus, the CFO was paid a bonus of C\$120,000, the CTO was paid a bonus of C\$105,000 and the Corporate Secretary was paid a bonus of C\$62,500. See "Information Respecting the Company – Executive Compensation – Summary Compensation Table" for information on the actual annual incentive bonus paid to each of the Named Executive Officers for the most recently completed financial year.

Option Based Awards

The stock option component of the Named Executive Officers' compensation is intended to advance the interests of the Company by encouraging the directors, officers, employees and consultants of the Company to remain associated with the Company and furnishing them with additional incentive in their efforts on behalf of the Company in the conduct of its affairs. Grants under the Stock Option Plan are intended to provide long-term awards linked directly to the market value performance of the Company's shares, thereby aligning the short-term performance goals of Company personnel that are based on operational and financial results with the long-term increase in shareholder value that results from the achievement of the short-term performance goals. The Compensation and Nominating Committee reviews management's recommendations and itself recommends to the Board of Directors the granting of stock options to directors, officers, employees and consultants of the Company and its subsidiaries. Stock options are granted according to the specific level of responsibility of the particular executive and the number of options for each level of responsibility is determined by the Compensation and Nominating Committee. The number of outstanding options and previous grants is also considered by the Compensation and Nominating Committee when determining the number of options to be granted in any particular year due to the limited number of options which are available for grant under the Stock Option Plan.

Benefits and Perquisites

The primary purpose of providing benefits and limited perquisites to the Company's executives is to attract and retain the talent to manage the Company. The Company intends that the type and value of benefits and perquisites offered are to be competitive to overall market practices. Details of the benefits and perquisites provided to the Named Executive Officers are disclosed in the All Other Compensation column of the Summary Compensation Table set forth in this Information Circular. The primary benefits for the Company's executives include participation in the Company's health and dental coverage, various company-paid insurance plans, including disability and life insurance, paid time off and paid holidays. In general, the Company will provide a specific perquisite only when the perquisite provides competitive value and promotes retention of executives, or when the perquisite provides shareholder value by increasing the efficiency of its executives, or their effectiveness in achieving their individual and corporate goals. The limited perquisites the Company provides its executives may include a parking stall and Spanish or English lessons.

Incentive Compensation Clawback Policy

As a measure of accountability and to ensure that incentive compensation paid by the Company is based on accurate financial data, the Board may require reimbursement or forfeiture of any overpayment (including option grants) received by an officer, director or employee in the event that there is a restatement or correction to the Company's financial statements and the Board determines that a lower amount of compensation would have been paid based on the restated financial results such that the individual received an excess amount of compensation. In determining whether to require reimbursement or forfeiture of the overpayment, the Board may take into account a variety of considerations and recovery may be made regardless of any wrong-doing that gave rise to the restatement or correction.

Retirement Policy

The Company does not have a retirement policy for its executive officers.

Review / Modifications

The Company's executive compensation program is reviewed and considered at least annually by the Compensation and Nominating Committee to determine if the objectives of the executive compensation program are being achieved and whether any modifications to that program are required. This includes a review of base salaries payable, potential bonuses payable and entitlement and participation in equity related incentive plans for all executive officers. It also includes a review of the metrics used to assess performance, the targets established with respect to those performance metrics, whether previously established targets have been achieved and to what degree, and whether the performance metrics and targets are still appropriate in light of the then current industry, stock market and general economic conditions. The Compensation and Nominating Committee considers the establishment of new performance metrics and related targets to be used to assess executive officer performance and determine executive officer compensation on a go-forward basis. In completing this review, the Compensation and Nominating Committee considers the recommendations of management and the CEO in particular. Upon completion of that review, the Compensation and Nominating Committee in turn makes its recommendations with respect to the Company's executive compensation program to the full Board of Directors. The Board of Directors then approves the executive compensation program, including the individual components thereof, subject to any modifications it deems necessary.

The Compensation and Nominating Committee is comprised of three independent directors. The current members of the Compensation and Nominating Committee are Tony Pezzotti, David Shaw and Robert McCallum. In order to comply with the Company's Director Tenure Policy, Mr. Pezzotti will not be standing for re-election at the Meeting and will cease to be a director of the Company as of the closing of the Meeting. Management anticipates that Mr. Penrose will be appointed to the Compensation and Nominating Committee in place of Mr. Pezzotti following closing of the Meeting. The Board believes that the Compensation and Nominating Committee has the knowledge, experience and background required to fulfill its mandate. All of the members of the Compensation and Nominating Committee have direct experience in both public and private sector executive compensation. The Compensation and Nominating Committee is responsible for recommending levels of executive compensation that are competitive and motivating in order to attract, hold and inspire senior officers.

The Company engaged Korn Ferry Hay Group in October 2016 to provide specific advice to it on executive, director and employee compensation matters. This advice consisted of:

- (i) the provision of general market observations with respect to market trends and issues, and
- (ii) the provision of benchmark market data for the Company's peer group, consisting of publicly traded companies having international mining operations and similar size market capitalization, revenues and total assets, including Alacer Gold Corp, Alamos Gold Inc., Capstone Mining Corp., Coeur Mining Inc., Endeavour Silver Corp., Hecla Mining Co., Hochschild Mining PLC, Pan American Silver Corp., Primero Mining Corp., Silver Standard Resources Inc., Silver Wheaton Corp., Tahoe Resources Inc., Fortuna Silver Mines Inc., B2Gold Corp., and OceanaGold.

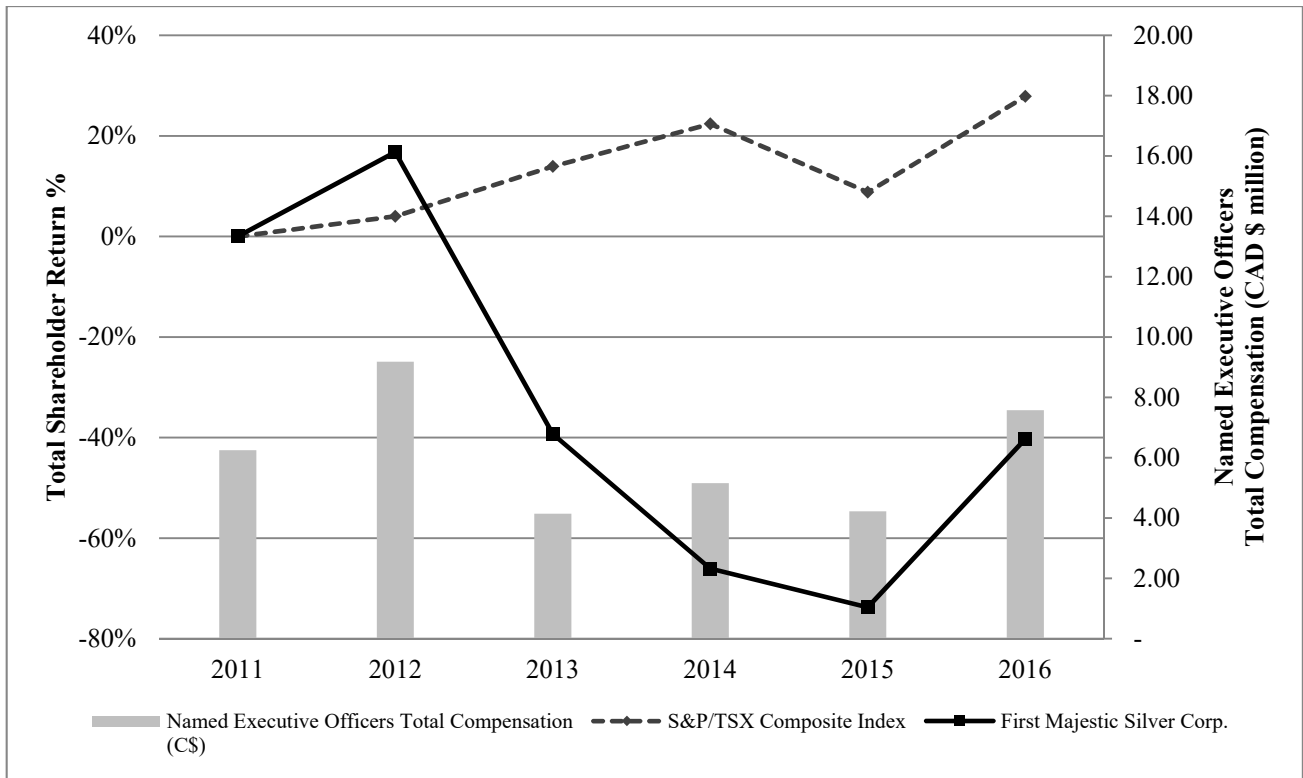

Decisions made by the Company with respect to the compensation of its officers, directors and employees, however, are its own responsibility and may reflect factors and considerations other than the information provided to the Company by Korn Ferry Hay Group. The Company implemented changes to the compensation arrangements for its officers, directors and employees effective January 1, 2017.

Executive Compensation-Related Fees

During the year ended December 31, 2016, the Company engaged Korn Ferry Hay Group to provide advice on directors, executive officers and employees compensation. A total of \$61,180 was paid, of which \$33,344 was paid in 2016 and a total of \$27,836 was paid in 2017.

Performance Graph

The following graph compares the percentage change in the cumulative total shareholder return for C\$100 invested in common shares of the Company on January 1, 2012 against the cumulative total shareholder return of the S&P/TSX Composite Index for five years through December 31, 2016, assuming reinvestment of all dividends. The graph also depicts total annual compensation for the Named Executive Officers in each particular year from 2011 to 2016 for comparative purposes. The performance graph shows a general trend that compensation paid to the Company's executives correlates to the Company's total shareholder return. The change from 2011 to 2012 reflects, in part, the inclusion of a new officer, being the Chief Transformation Officer.

Summary Compensation Table

The following table sets forth compensation information for the fiscal year ended December 31, 2016 for the (a) President and Chief Executive Officer of the Company; (b) the Chief Operating Officer of the Company; (c) the Chief Financial Officer of the Company; (d) the Chief Transformation Officer and (e) the Corporate Secretary, who are collectively the "Named Executive Officers" for the purposes of this Information Circular.

APPENDIX “A”

BOARD OF DIRECTORS' MANDATE

(Adopted by the Board of Directors of First Majestic Silver Corp. (the “**Company**”) with immediate effect on November 28, 2013)

INTRODUCTION

The board of directors (the “**Board**”) of the Company is responsible for the overall stewardship of the Company and its primary objective is to enhance and preserve long-term shareholder value. In pursuing this primary objective and in the performance of its functions, the Board should also take into account the legitimate interests of its other stakeholders, such as its employees and the communities and the environment in which it operates.

The Board is responsible for the management or supervising the management of the Company’s business and affairs. In supervising the conduct of the business, the Board, through the Chief Executive Officer (the “**CEO**”), sets the standards of conduct for the Company.

This mandate is prepared to assist the Board and management in clarifying responsibilities and ensuring effective communication between the Board and management.

COMPOSITION OF THE BOARD

1. Each director must be qualified to serve as a director pursuant to, and meet the requirements of, the Business Corporations Act (British Columbia) (the “**Act**”), all applicable securities laws and the rules, instruments, policies, regulations and guidelines of all applicable securities regulatory authorities, including without limitation the securities commissions in each of the provinces of Canada, and all stock exchanges on which the Company’s securities are listed, including without limitation the Toronto Stock Exchange and the New York Stock Exchange (collectively, “**Applicable Laws**”).
2. A minimum of two-thirds of directors comprising the Board must qualify as “independent” as determined by Applicable Laws.

3. Nominees for directors are approved by the Board and elected annually at the Company's annual general meeting of shareholders. The Compensation and Nominating Committee selects, reviews and recommends to the Board candidates for director nominees. In selecting, reviewing, and accepting candidates for nomination as directors, as applicable, the Board and the Compensation and Nominating Committee must consider and evaluate the composition of the Board as a whole, including considering and making a determination as to the independence of each director nominee under Applicable Laws, and consider the existence and the impact of any Board Interlocks or Committee Interlocks on director independence and the functioning and independence of the Board as a whole. For the purposes of this Mandate, the term "**Board Interlock**" means when two or more directors of the Company sit together on the board (or equivalent) of another reporting issuer, and the term "**Committee Interlock**" means when a Board Interlock exists, and in addition, the relevant two or more directors also sit together on a board committee of the Company or the other reporting issuer.
4. No director of the Company may serve as a director (a "**Directorship**") on a board (or equivalent) of more than five reporting issuers (excluding the Board) without the prior approval of the Board. In determining to recommend or accept, as applicable, a candidate for nomination as a director who holds more than five Directorships, the Board and the Compensation and Nominating Committee must consider whether or not the number of Directorships a nominee holds will prevent such director from devoting sufficient time and resources to his or her duties as a member of the Board.
5. The Company must disclose in its management information circular for each general meeting of shareholders at which directors are nominated for election to the Board, the following:
 - (a) all Board Interlocks, Committee Interlocks and Directorships held by nominee directors;
 - (b) the Board's judgment as to whether any Board Interlocks or Committee Interlocks exist which could impact the independence of those directors or their ability to act in the best interests of the Company; and
 - (c) if a director nominee holds more than five Directorships, the Board's judgment as to whether or not such director can devote sufficient time and resources to his or her duties as a member of the Board.
6. During the period between annual shareholder meetings, directors must advise the Compensation and Nominating Committee of their intention to join or be nominated for election to the board (or equivalent) or any committee thereof of another reporting issuer.
